**VICINITY MAP:**

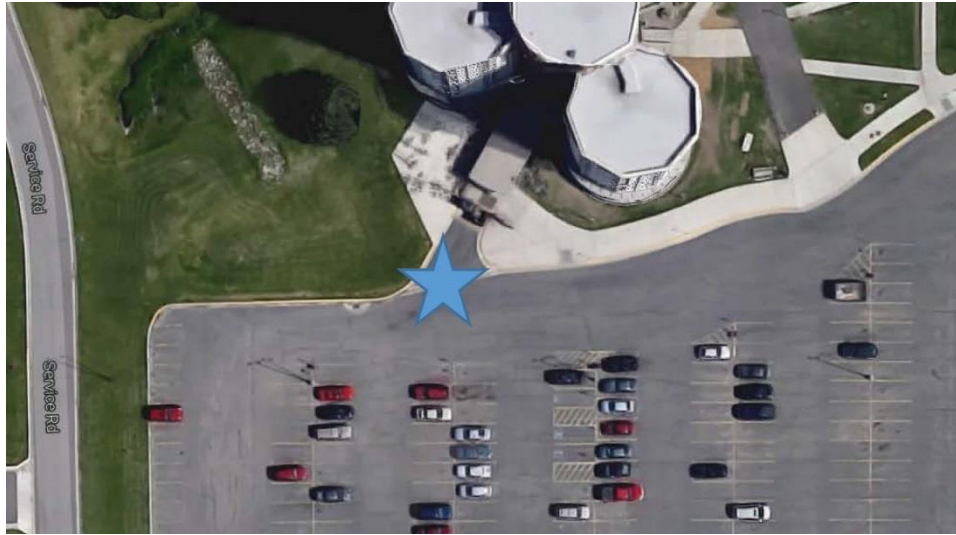

**STAFF COMMENTS:**

The Skyline bus stop on campus, which provides service to and from Big Sky, has historically been located on South 7<sup>th</sup> Avenue on the east side of the road, across from the paid parking lot. Due to the construction of Asbjornson Hall, it has been requested by Streamline/Skyline representatives that the bus stop be relocated to the south side of Roskie Hall. The stop would be as shown in the picture below.

The anticipation is that a bus would be stopping here four to six times a day during the winter season, for no more than four minutes at a time. The driver would be with the bus at all times. There is no needed change to the site situation. The bus stop sign at the South 7<sup>th</sup> Avenue location would be relocated to make light of the new location.

The choice of this location has the advantages of being close to residence halls and family and graduate housing, where many of the users reside, and place it further away from current construction areas. In addition, vehicular access to the location would be quicker.
