## Building Photos of SARC

Photos originally taken 9/23/2010, verified to be depict buildings' current use and appearance 5/2015. Updated photos taken after 2010 are dated.

Pictures ordered by building number except where noted

## Sections

1. Building Photos – Interior and Exterior Photos
2. Structures on Site that Are Not Buildings – Bins, Propane Tanks
3. Thrasher Club – Squatters on MSU property without MSU Permission. The club participates in dangerous activities.
4. Lion's Club – Adjacent Property, buildings used to be inventoried as MSU property before this 2010 site visit. Based on Ken Kephart's research and after the site visit, it was agreed that only the Homesteader's Hall should be part of the SARC inventory of buildings.
5. Huntley Project Museum Properties – These buildings were once included in our inventory. But, these buildings are not managed or occupied by MAES, so these buildings were removed after the 2010 site visit.

**Gas Pump close to Truck Scales**

Land squatters

### 3. THRASHER CLUB

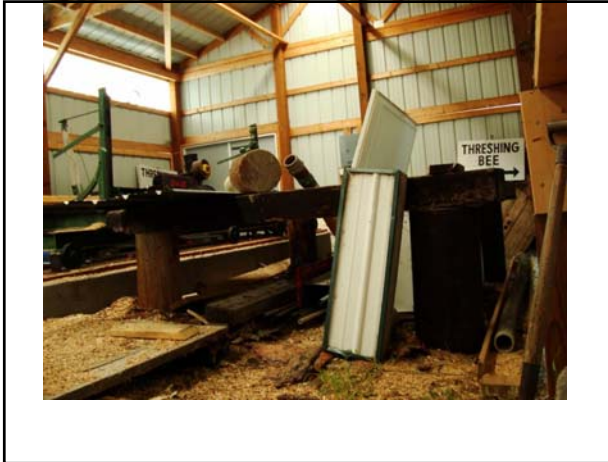

Thrasher Club – on SARC property, Ken considers it a liability, but does not have control on this

Open Saw Blade

The buildings were part of the MAES building inventory recorded at MSU before the 2010 site visit. On the latest FPDC site visit to SARC, FPDC was informed by Ken Kephart that these buildings are not owned by MAES with exception to the Homesteader's Hall. The Homesteader's Hall is owned by MAES, but used and maintained by the Lions Club. It was discussed at the site visit, that it was not in MAES's best interest to keep the building longterm because of the associated liability.

#### 4. LIONS CLUB
